PROJECT OUTLINE: (Attach a separate page if necessary)

METHOD OF EVALUATION:

Student must complete a project report or a major paper.

STUDENT RESPONSIBILITY:

It is the responsibility of the student to complete a project report, which must be approved by the supervisor, and a summary of the project. These must be provided to the Graduates Coordinator. Failure on the part of the student to submit the report or the project summary may result in a grade of "Unsatisfactory", which is equivalent to no credit earned for the project. Students who do not complete the requirements by the end of a term will receive an incomplete ("I"). All requirements must be completed to remove an "I".

PROJECT SUPERVISOR RESPONSIBILITY:

Submit a letter of evaluation of the student's performance and approve of the report.

GRADUATE COORDINATOR RESPONSIBILITY:

Evaluate documentation submitted by the student and the project supervisor. Assign a "S/U" grade at the completion of evaluation.
